Honestly I'm not sure if I would even call this coffee... I like robots, but you really need to learn to pour hot drinks.

Hey pal, this is the best latte I've had in-

Actually, I haven't even visited coffee shops lately.

I think I've just been too busy in my life... But honestly, I blame my boss.

He just squeezes all the joy from me and for what?

That's right, nothing! You know?
I should quit and become a barista just like you.
This latte is divine tho. Thanks for listening, friend!

You could come too! If you have the time of course. Nine fifteen, at the rundown.

I've had the worst day. Bitten by my boss, stapled my toes, chased by squirrels and I just lost a chapstick... But your coffee always cheers me up! Thank you!

Such a disappointment. My coffee tasted like wet socks! I want my socks dry. Avoid this place

This place soo terrible. The feng-shoe of the space is all over the place and the coffee looked bad so I didn't try it.

I lost my umbrella here once. Then I found another, and took it home. Does that make me an umbrella thief?
